Experience / Employment:

7Summits - Technical lead

Milwaukee, Wisconsin: July 5, 2016 – Current

Positions:

- **Technical Lead**, 12/15/2017 to present
- **Senior Salesforce Developer**, 5/5/2017 to 12/15/2017
- **Salesforce Developer**, 07/05/2016 to 5/5/2017

Accomplishments:

- Solved, developed and deployed ten projects starting from the design phase all the way to completion and onboarding with multiple others at various points mid-flight.
- Lead multiple projects of combined onshore/offshore development teams of up to six developers.
- Contributed to company development standards regarding Salesforce developer, component product lineup and reusable internal components.
- Pioneered the Technical Lead positions at 7Summits.

Responsibilities:

- Planned and scheduled tasks with project managers and budget concerns in mind to meet project deadlines.
- Delegated work/duties amongst development teams per project and provided task estimates, solutions, and coding support for fellow developers.
- Interviewed, trained and onboarded new Salesforce and front end developers.
- Developed heavily customized partner-communities through lightning components and added backend business functionality as a fullstack developer.
- Communicated frequently with clients and internal teams on stand ups, status check-ins, and joint-solutioning meetings.
- Created integrations through the use of middle-ware including Mulesoft and Boomi, alongside REST api webservices and callouts.
- Configured Salesforce instances to meet business needs with automated business processes and data configurations.
- Managed code and configuration deployments through the use of Salesforce change sets, the metadata API, and ANT scripts as an acting Release Manager for projects.

Penrod Software - Salesforce Software Engineer

Milwaukee, Wisconsin: Oct 3, 2014 – June 28, 2016

Accomplishments:

- Developed a complete kanban board product within Salesforce alongside a small team for a client.

Responsibilities:

- Developed Salesforce solution through Visualforce and Apex development.
- Undertook Lead developer role on multiple small scale projects.
- Carried projects from discovery phases with clients through development and to completion.
- Communicated directly with clients to build out solutions and ongoing support issues.

Certifications:

- Salesforce Certified Force.com Developer - Winter 2016
- Salesforce Certified Platform App Builder - Spring 2016
- Salesforce Certified Platform Developer 1 - Aug 2019
- Salesforce Certified Administrator - Sept 2019
- Salesforce Certified Community Cloud Consultant - Sept 2019
